

Your care • Your voice • Your team

What is a patient-centered medical home?

Patient-centered means that you and your health are the focus of your health care team.

Medical home begins with your primary care clinic, where a team of professionals work together to provide you with a new, expanded type of care.

Patient-centered medical home is a care approach that brings together an expert team focused on you.

Your medical home includes:

- **You**
- Your **primary care provider**
- Other members of your **health care team** including:
 - Medical assistants
 - Patient care coordinators
 - Nurse case managers
 - Pharmacists
 - Health educators
 - Behavioral health specialists
 - Community health providers
- **Coordination of all your care**, including:
 - Primary care
 - Hospital care
 - Specialty care
 - Community services and resources
- **Access to** your health care team in person or by phone

Whitney Stahl, RN
Case Manager

Heather Brown, CMA
Medical Assistant

LaShay Miller
Patient Care Coordinator

Your health care team promises to:

- **Partner** with you to help you meet your health care goals
- **Listen** to all of your concerns
- **Include you** in decisions about your health care
- **Explain** your health care instructions
- **Answer** all of your health care questions
- **Coordinate** all your health care needs, including prescriptions, lab work and specialty care
- **Respect** your cultural background and language preferences

What is your role on the health care team?

- Be an active partner in your care.
- Learn what you can do to stay as healthy as possible.
- Follow the plan that you and your health care team have agreed is best for you.
- If you have questions, ask!

When you come to your next appointment:

- **Bring a list of:**
 - Important things you want to discuss with your provider
 - Any medication changes since your last visit, including prescriptions, over-the-counter medications and herbal supplements
 - Any changes in your health since your last clinic visit, such as changes to your diet, breathing, skin or sleep
- **Bring any forms** that your provider needs to sign.
- **Let your team know** if you need a prescription medication refill.

Tools you can use between appointments:

- Review any notes from your visit
- Track your health goals regularly
- Keep a list of all your medications

Yellowhawk Tribal Health Center has met the standards of care to be recognized as a patient-centered medical home by the Oregon Health Authority and the Accreditation Association for Ambulatory Health Care.
