Rules and Regulations of the Pinánaykukt Program

1. Alcohol/Drugs: Participants are not allowed to use or sell alcohol, illegal drugs or misuse prescriptions or over the counter substances either on or off the property, while residing at Pinánaykukt Program. Anyone under suspicion of using, possessing or dealing any type of mind or mood altering substance, or demonstrating any other addictive behavior that potentially impacts the sobriety of other participants, will immediately be administered a UA and/or a BAC and disciplinary action will take place. This may include dismissal from the program. Staff will determine if the participant will remain in the Program. Impairment is not allowed under any circumstance. Pinánaykukt staff will perform random drug tests as desired. If the test is positive, and this is the participant's first positive UA since entering the program, staff will meet with the treatment team to create a new treatment plan to address relapse. A treatment plan may include referral to a Chemical Dependency Counselor and a last chance contract. If the issue is not resolved, the participant will be referred to outside services.
2. Participants will notify staff of all prescribed medications and will be personally responsible to follow the prescribed instructions given by the doctor. All prescribed medications must be stored in the locked box located in the clinical staff offices. Access will be provided and supervised by staff when medication is needed.
3. Tattoos or body piercing are not to be received or performed on the property due to potential health related concerns and liability.
4. Financial independence is a goal of the program. Staff will assist participants with developing a financial plan so they are able to move into their own home and provide for themselves through employment or other sources of income.
5. Participants will be out in the community forty (40) hours per week, participating in prearranged life skills activities. Participants may request passes to attend outside events, classes, or family visits after the initial one-month orientation; the treatment team must be in agreement with these plans. If you are outside of the Pinánaykukt Program for any other reasons than listed above, disciplinary action will take place up to or including dismissal from the Program.
6. Absolutely no guests are allowed at the Pinánaykukt Program home, unless prior written permission is given by program staff. This is to ensure the safety and confidentiality of the other participants. No females are permitted on the male house premises and no males are permitted on the female's premises, unless it is staff conducting their regular job duties. Visiting can be done at the Pinánaykukt with approval, or during groups or classes conducted at designated locations. UAs will be administered upon returning to the Pinánaykukt house after a pass has been utilized.
7. Personal televisions, radios, etc. are allowed but the Pinánaykukt Program does not take responsibility for lost, stolen, or broken items. Out of respect to the other participants, the volume should be kept at a low level.

If a participant is using their personal cell phone inappropriately such as looking up porn or contacting dealers, this privilege may be revoked and disciplinary action may take place.

The exception to this is when the Yellowhawk and Pinánaykukt staff are collecting images for the promotion of the Program. 14. Firearms, explosives, knives, other weapons and/or items that are deemed a safety risk are not allowed on the premises unless requested in advance for an appropriate activity such as archery. All requested must be approved ahead of time and has staff supervision. If items are found in a participant’s room, they will be confiscated and disposed of and proper disciplinary action may be taken.
